Hiring Manager

ProBase Limited
Alick Nkata Rd
Lusaka, 10101

To the Hiring Manager,

I am writing to express my interest in the software developer position at ProBase, as advertised on LinkedIn. With my extensive background in software development and UI/UX design, combined with a passion for digital transformation and innovation, I am confident in my ability to contribute meaningfully to your team and help shape the future of financial technologies.

In my recent role as a UI/UX Designer at Koloso, I successfully introduced new design patterns and improved the overall interface of the company's educational mobile app. Additionally, my experience as a Web Developer at STC Logistics and as the Founder & Web Developer at Kitoo has equipped me with the skills to develop functional and visually appealing websites and mobile apps using technologies such as Laravel, JavaScript, Tailwindcss, Bootstrap etc.

What sets me apart as a candidate is my diverse skill set and holistic approach to software development. As the founder of an e-commerce startup and with hands-on experience as a sales and product manager in a leading tech company in China, I possess a comprehensive understanding of both business and user needs. This enables me to approach development challenges innovatively, driving innovation and delivering impactful results.

Furthermore, my proficiency in market research, social media management, and product management complements my technical skills, allowing me to contribute to various aspects of a project beyond coding. I am also a consistent learner, as evidenced by my certifications and ongoing commitment to professional development.

In addition to my technical and business skills, I am an empathetic UX/UI designer with a keen eye for detail. I believe in collaborating closely with cross-functional teams to gather feedback and iterate on designs for optimal user experience. My ability to communicate effectively in English, Bemba, Tonga, Nyanja, and Chinese further enhances my capacity to work in diverse and multicultural environments.

I am excited about the opportunity to join the ProBase team and contribute to the development of innovative solutions. I am confident that my skills, experience, and passion make me a strong

fit for this position, and I look forward to the possibility of discussing my application with you further.

Thank you for considering my application. I am available at your earliest convenience for an interview and can be reached via WhatsApp at +8614768628270 or email at luyando@kitooapp.com.

Sincerely,

Luyando Chikandula
